Refrigerated display with plate cooling Rick 3.0 – professional and organized

This black plate cooling display cabinet is ideal for shops, butcheries, bakeries, and horeca where an attractive and consistent product presentation is essential. Thanks to advanced plate cooling, products stay quickly and evenly at the ideal temperature of $-1/+7^{\circ}\text{C}$, while condensation is minimized. The digital controller and LED lighting provide an energy-efficient and clear display. Dimensions: 2870x1095x1250 mm (LxWxH) – Power: 2.5 kW – Temperature: $-1/+7^{\circ}\text{C}$ – Capacity: 1199 liters – Display area: 2.02 m² – Weight: 407 kg.

Key features:

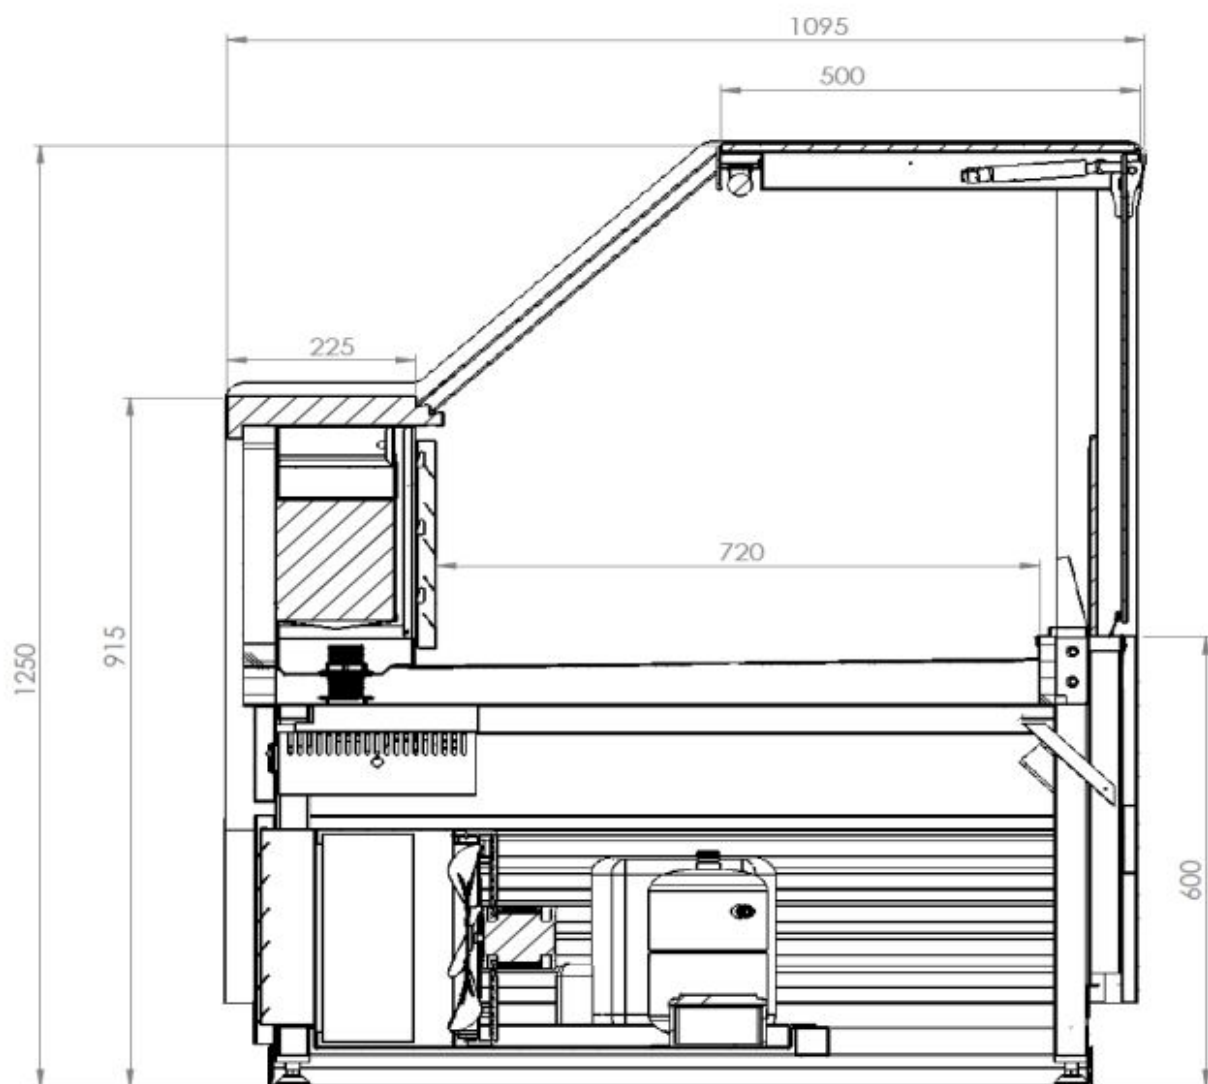

- **Plate cooling:** fast and even cooling via direct contact with cold surfaces, for stable temperature
- **Digital controller:** simple and precise temperature setting
- **LED lighting:** energy-efficient and clear product presentation
- **Automatic defrost:** low maintenance and reliable
- **Spacious display:** 2.02 m² display area for organized product presentation

This display cabinet offers the perfect combination of visibility, capacity, and professional cooling performance. Order today and present your products optimally!
