Discover the open self-service 1.9 fish display – ideal for quick and clear product presentation

The Combisteel self-service 1.9 fish display is perfect for fast, customer-friendly presentation of fresh fish. Its open design allows direct customer access, while the plexiglass sliding doors at the rear make restocking easy. Made from hygienic, corrosion-resistant AISI 304 stainless steel, this unit features a generous display area of 176x72 cm. Without a cooling system, it is ideal for short-term display in high-traffic environments with frequent product replenishment. Dimensions: 1880x920x920 mm (LxDxH) – Weight: 90 kg.

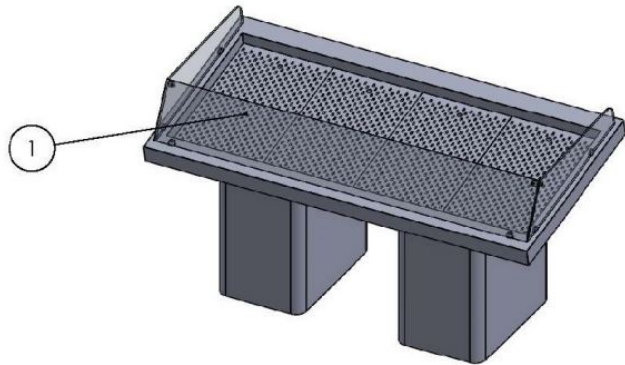

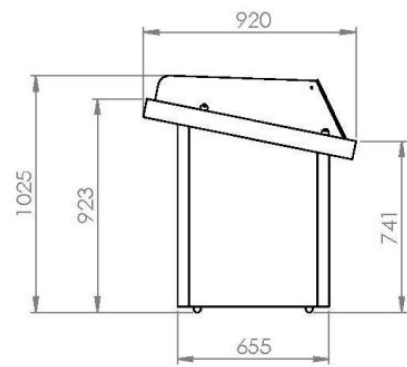

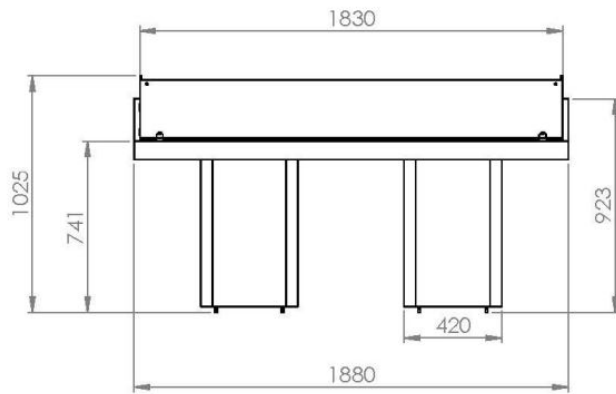

Key features:

- **Self-service layout:** open front for direct access and smooth customer flow
- **Hygienic and durable:** full stainless steel AISI 304 construction – corrosion-resistant and easy to clean
- **Excellent visibility:** tempered glass provides optimal product presentation
- **No cooling system:** ideal for short-term display with frequent restocking
- **Practical drainage:** equipped with water outlet and connector
- **Flexible placement:** mounted on wheels for easy mobility

This display case combines visibility, accessibility and hygiene in one professional solution. Order now and elevate your fish presentation!
