Ice Cream Display Zanzibar 6 – practical and efficient

This ice cream dipping cabinet is ideal for ice cream parlors, horeca, and sales points where efficiency and reliable storage of ice cream are key. Thanks to static cooling, the ice is evenly maintained within a temperature range of -10/-20 °C, ensuring optimal product quality. The unit is designed for round ice cream tubs with stainless steel lids, ensuring hygienic use and minimal cold loss. In addition to space for 6 tubs on top, this unit offers extra storage space below for 4 additional tubs, so you always have sufficient stock within reach. Dimensions: 939x674x935 mm (LxWxH) – Temperature: -10/-20 °C – Capacity: 260 liters – Weight: 51 kg.

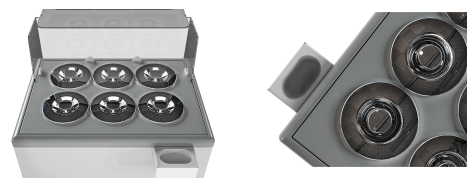

Key features:

- **Static cooling:** even temperature for optimal ice cream storage
- **Suitable for round 7L tubs:** includes baskets for Ø 200 x 250 mm containers
- **Scoop washer:** integrated rinse basin for hygienic cleaning of ice cream scoops
- **Extra storage space:** capacity for 6 tubs on top and 4 below
- **Mobile design:** equipped with 4 castors for easy movement

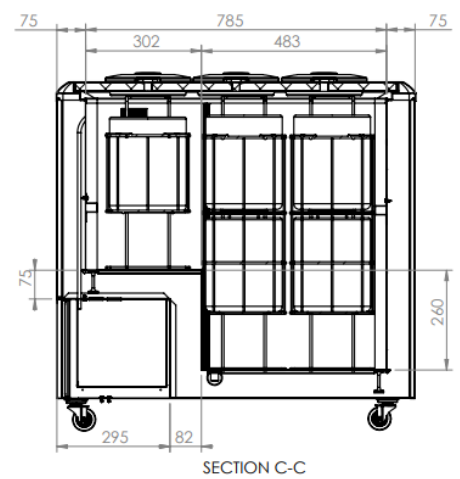

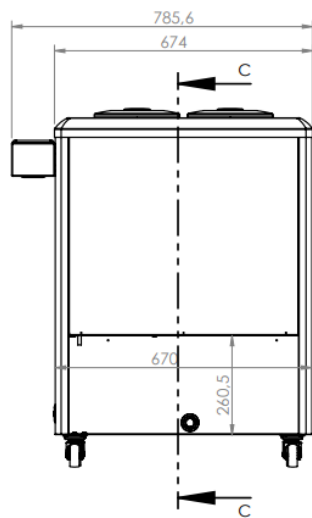

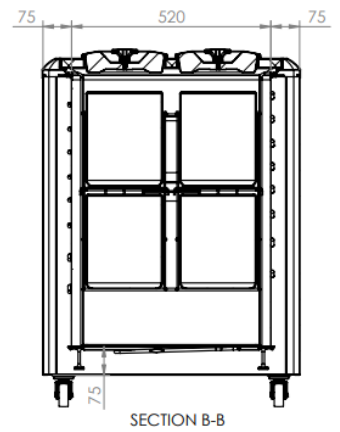

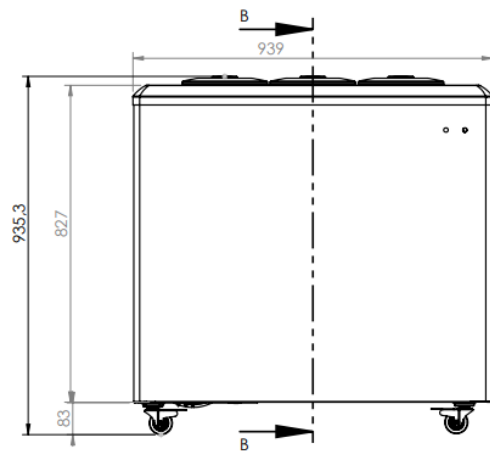

Please note: this ice cream display is not designed for long-term storage. Store ice cream in a suitable freezer during closing hours.

This ice cream cabinet offers an efficient and practical solution for storing and serving ice cream. Order today and work faster and more efficiently during peak hours!
