Warming lamp with GN 1/1 – double lamp solution for efficient hot food presentation

This professional warming lamp with 2 lamps is designed to keep prepared dishes evenly at the correct serving temperature without further heating them. The robust stainless steel construction makes this model ideal for intensive use in e.g. fast food restaurants, cafeterias, food trucks and hotels. The unit is flat-packed, allowing for easy transport and storage. The dimensions are 343x559x569 mm (LxWxH) - power consumption 0.5 kW – weight 8.3 kg.

Key features:

- **Double warming system:** two lamps ensure even heat distribution.
- **Flat-packed design:** easy to transport, store, and assemble.
- **Stainless steel construction:** strong, durable, and suitable for professional use.
- **Including GN 1/1 food pan:** removable gastronorm pan, 100 mm deep, ready for use.
- **Stable and easy to maintain:** easy-to-clean surface with non-slip feet.

A practical and reliable solution for presenting larger quantities of warm dishes in any professional environment. Order this warming lamp and complete your serving or buffet setup.
