Digital Kitchen Timer DKT-12 – 12 channels for ultimate time management

This robust digital kitchen timer is the ideal choice for catering establishments and professional kitchens that require precise control over cooking and baking processes. With twelve independent channels, multiple tasks can be managed simultaneously, ensuring every dish is ready at exactly the right moment. Thanks to the clear digital display and user-friendly design, this timer is suitable for any professional kitchen, from restaurants to hotels. A practical feature is the shake reminder, for example to remind staff to shake fries during frying. Key specifications: 300x135x36 mm (LxWxH) – power consumption 3 W – weight 980 g.

Key features:

- **Clear digital display:** for quick and easy time management.
- **12 adjustable countdown timers:** each channel can be set in minutes/hours or minutes/seconds.
- **Shake reminder:** set a reminder to shake or stir products, ideal for frying applications.
- **Loud alarm signals:** alerts you when a timer finishes, so no critical moment is missed.
- **Stainless steel housing:** durable construction, not waterproof, suitable for countertop or wall mounting.

With this digital kitchen timer, you bring efficiency and precision to any professional kitchen. Order the DKT-12 kitchen timer and maintain full control over all preparation times.
