Introducing our stylish and efficient halogen heated overshelf!

This overshelf is the perfect solution for presenting and keeping your treats warm in any professional setting. With two levels and two lamps per level, this overshelf provides even and efficient heating, keeping your dishes at the perfect temperature. The temperature range of 60-70°C ensures that your food stays at the ideal temperature without compromising on taste and quality. With two plugs, the device is easy to connect and use. The dimensions are 900x300x650 mm (LxWxH) - power consumption 1.2 kW - temp. +60/+70°C - weight 12 kg.

Key features:

- **Halogen heating:** efficient and even heat distribution across two levels.
- **Temperature range of 60-70°C:** keeps dishes at the perfect temperature.
- **Flat-packed design:** easy to store and move.
- **Compact and lightweight:** fits into any workspace thanks to its size.

Whether you're working in a restaurant, buffet, or hosting an event, this halogen heated overshelf is a must-have for presenting and keeping your culinary creations warm. Order today and ensure your dishes stay at their best!
