Discover the Entry Line 700 induction stove – compact, powerful, and energy-efficient

This induction stove from Combistee's Entry Line 700 series is a reliable and efficient solution for every professional kitchen. With two separately controllable zones of 3.5 kW each, it delivers powerful performance in a compact, energy-saving design. Ideal for smaller kitchens, mobile setups, or as an extra cooking unit. The cooking zones suit pans with diameters from 16 to 25 cm and are operated via convenient rotary knobs. Equipped with automatic shut-off after 4 hours, overheating protection, and a robust stainless steel housing. Dimensions: 400x700x941 mm (WxDxH) – Voltage: 400V – Power: 2 x 3.5 kW – Weight: 49 kg.

Key features:

- **Fully electric cooking line:** part of Combistee's first complete electric cooking series
- **2 cooking zones:** separately adjustable with 11 power levels
- **Energy-efficient and safe:** lower energy costs thanks to induction technology, with automatic shut-off and overheating protection
- **Modular system:** expandable with fry top, fryer, bain-marie, or neutral element within the same line
- **Compact and robust:** only 40 cm wide, made from AISI 201 stainless steel

Cook efficiently, safely, and flexibly with this induction cooker – order now and create your ideal electric cooking line!
