Discover the Entry Line 700 induction stove – powerful, versatile, and energy-efficient

This induction stove from Combisteel's Entry Line 700 series features four independently controllable cooking zones of 3.5 kW each. It is the powerful and efficient solution for professional kitchens demanding high performance and flexibility. Ideal for larger kitchens, busy food services, or mobile setups. The cooking zones suit pans with a diameter of 16 to 25 cm and are operated via rotary knobs. Equipped with automatic shut-off after 4 hours, overheating protection, and a robust AISI 201 stainless steel housing. Dimensions: 800x700x941 mm (WxDxH) – Voltage: 400V – Power: 4 x 3.5 kW – Weight: 81 kg.

Key features:

- **Complete electric cooking line:** part of Combisteel's first full electric cooking series
- **4 cooking zones:** individually adjustable with 11 power levels
- **Energy-efficient and safe:** induction technology reduces energy costs, with automatic shut-off and overheating protection
- **Modular and expandable:** compatible with fry top, fryer, bain-marie, or neutral element from the same series
- **Robust and functional:** made of AISI 201 stainless steel, compact and user-friendly

Cook efficiently and flexibly with this powerful induction hob – order now and upgrade your professional kitchen with this energy-saving gem!
