

COFFEE GRINDER 1KG WITH AUTOMATIC DOSING

€499.00

SKU:

7547.0005

Professional coffee grinder with touchscreen control – perfect dosing for every cup!

This robust coffee grinder combines ease of use, precision and speed in one device. Thanks to the intuitive touchscreen, you can easily choose between single cup, double cup or the convenient manual continuous mode. The powerful motor and adjustable grinding discs ensure a consistent grind – ideal for cafés, restaurants, hotels and coffee bars. In addition, it offers a choice of 11 grind sizes, so every coffee variety can reach its full potential. Dimensions: 222x257x550 mm (WxDxH) – power consumption: 0.35 kW – weight: 9 kg.

Key features:

- **Touchscreen control:** easily select between single cup, double cup or manual mode.
- **11 grind sizes:** from ultra-fine for Turkish coffee to coarse for French press brewing.
- **Manually adjustable grinding disc:** full control over grind size and flavour.
- **1 kg bean hopper:** large enough for busy service hours.
- **Stainless steel housing:** stylish, durable and easy to clean.

With this coffee grinder, you're guaranteed precision, speed and exceptional flavour in every cup. Order today and get the most out of your coffee beans!
