Electric pizza oven double 2 x 4 – efficient and professional

Discover our double electric pizza oven 2 x 4, ideal for pizzerias, restaurants and professional kitchens where speed and quality are essential. Thanks to the powerful 8.4 kW heating elements and even heat distribution, this oven bakes multiple pizzas simultaneously with a perfectly crispy base and evenly melted topping. The durable stainless steel construction ensures long service life and easy cleaning. The oven features two separate baking chambers, allowing flexible preparation of multiple pizzas at the same time. It is also equipped with interior lighting so you can easily monitor the baking process. Dimensions: 810x880x720 mm (LxWxH) – Power supply: 400V – Power: 8.4 kW – Capacity: 2 x 4 pizzas Ø30 cm – Weight: 119 kg.

Key features:

- **Double oven (2 chambers):** bake up to 8 pizzas simultaneously for high productivity
- **Electric heating:** even heat distribution for consistent baking results
- **Stainless steel construction:** durable, hygienic and easy to clean
- **Interior lighting:** clear visibility of the baking process
- **Professional capacity:** suitable for pizzas up to Ø30 cm

Whether you run a busy pizzeria or want to bake pizzas professionally in a restaurant kitchen, this double electric pizza oven offers the perfect combination of capacity, reliability and ease of use. Order today and bake multiple pizzas at once with ease!
