

Service Information

TITLE: New instant canisters
MODEL: All our vending equipment
DATE: 05-06-2019

Reason for sending you this information

We would like to let you know that we are introducing new canisters for instant products. These canisters replace the current canisters and are used up in the machines. Therefore it may occur that there are machine models that are already equipped with the new canisters and at the same time there will be machine models that still have the old type.

The new canisters are NSF approved and are much easier to clean.

The old canisters will no longer be available afterwards.

Group	Machine	Introduction NSF canister
Espresso	Sego	01-11-2018
	Esprecious	01-12-2018
Instant	Bolero 1/2	04-06-2019
	Bolero XL	06-06-2019
	Bolero Turbo (XL)	23-05-2019
	Solo	11-06-2019
	Quinto	02-04-2019
FreshBrew	FreshBrew button version	11-06-2019
	FreshBrew touchscreen	11-06-2019
	Freshbrew Japan	11-06-2019
Liquid	Bolero Turbo (LA12/LV12)	11-06-2019
