

**Title** : Modification water tank Sprso  
**Model** : Sprso  
**Date** : 31-5-2021

---

## Reason for sending you this information

The water tank for the Sprso is modified to fit another water filter.

Old version = Brita Intenza  
New version = Brita Aqua Aroma Crema

Machines with a serial number equal or higher than **020002208260** do have this updated water tank.

The difference is in the size of the fitting. So a Brita Intenza filter cannot be fitted on the updated water tank and vice versa.

You can recognize the version of the water tank through the time stamp on the bottom of the tank.

Production date until 2/21 = Brita Intenza  
Production date on or after 3/21 = Aqua Aroma Crema.

## Part information:

The water tank for the Brita Intenza is obsolete and cannot be ordered anymore.

## New spare part:

Non

## Deleted spare part:

None
