

TITLE: New version of percolators

MODEL: Percolator 45
Percolator 75

DATE: 01-11-2016

Reason for sending you this information

Due to some modifications made to the percolator there are some visible and internal changes. The visual changes are:

1. Color and indication level indication (from white 25/50/75/100 to blue 4-10/6-10/8-10/10-10)
2. Gauge glass material from glass to plastic
3. Material tap from chrome-plated to stainless steel.
4. Green light will be orange (used to be red-green / will be red-orange).

Old version

New version
