

BERMUDA VIEW RV13

BERMUDA VIEW RV10

Bermuda 10

Bermuda 13

Description

The act of purchasing ice cream is a visual experience that can be enhanced by providing customers with a clear view of the available options. The Bermuda View cabinet has been designed to improve this experience by lowering the front glass, making the display more visible to both adults and children. Additionally, the unit includes ventilated cooling to maintain a consistent temperature throughout the display, preserving the quality and flavor of the ice cream or gelato. The refrigerated under-storage allows for quick access to additional stock during peak periods, while the heated glass prevents condensation and the castors make the unit easy to move. Finally, the internal LED lighting adds a beautiful illumination to the ice cream, making the Bermuda View a versatile cabinet that can maximise sales for businesses.

Product Features

- Perfect temperature distribution
- Heated glass to help prevent condensation
- Suitable for Napoli Pans (not included)
- LED interior light with switch
- Digital controller and temperature display
- Easy access storage compartment
- Rear night curtain to maintain temperature
- Ventilated cooling
- Automatic defrost
- Unit should be emptied, defrosted and cleaned once a week or more depending on conditions for correct operation.

Technical Specifications

Temperature Range (°C)	-20 to -14
Refrigerant	R290
Type of Defrost	Automatic, hot gas
Exterior Finish	White
Interior Finish	White
Power	13 Amp
Max Ambient	35°C at 75% RH
Climate Class	7
