

BIM25

NEW INTEGRAL STAINLESS STEEL ICE MACHINE

Description

Looking to add freshly made ice to your cafe, small bar or other venue that serves drinks? The new BIM25 from Blizzard offers easy access to bullet shaped ice at a moment's notice thanks to its fully automatic operation. Its insulated storage bin can hold up to 8kg of ice ready to use at a moment's notice and thanks to its included ice scoop couldn't be easier to use too.

Easily keep the unit clean with its removable filter, accessible via the front of the machine as well as having an easy clean ABS interior to aid in the prevention of bacteria growth.

Features

- Stainless steel & black ABS body
- Produces bullet shaped ice
- Low water consumption
- Easy to use electronic controls
- 10-20 Minute cycles
- Fully automatic operation
- Cleaning function cycle
- Internal handle for scoop
- Front filter
