The GF200VSG Glass Froster is a stylish stainless steel si

GF200VSG-P premium tabletop freezer finished in stainless steel with glass door and a mirror finish interior. It is perfect as a glass froster. The fast pull down makes sure glasses will be frosted quickly and be ready to serve. The frosted glasses help you serve beer at the perfect temperature and helps keep it cooler for longer.

There are 3 shelves, including a bottom shelf, so the glasses don't stick to the base when frozen.

For the best result, place the glasses rinsed and wet on the shelf. The ventilated freezing at -15°C will "frost" the glasses very fast.

We recommend using thick glass mugs for best cooling effect, but any glass may be used.
