Chest boottle cooler

The KBAK chest bottle cooler has been designed to cater to your bulk storage needs and facilitate rapid drinks service. It optimizes storage space by positioning the refrigeration compartment at the unit's base, to give the storage area a completely flat base with no internal step. With insulated sliding lids, you can effortlessly access stock ensuring swift and efficient service. Ideal for bustling bars, nightclubs, event venues, and festivals. The PLUS variation is equipped with heavy duty and protective bumper bars. Both units have the ability to remove the sliding lids and stack the coolers for storage and transportation, making them a versatile choice for rental and event companies, as well as mobile bars.
