

Chefs Range Commercial Stainless Steel Vertical Bun Toaster Bread Heater

Application:

This multi-chain commercial hamburger toaster is made of high-quality food-grade stainless steel, which has the advantages of not sticking to bread and is easy to clean.

The machine can process multiple hamburger buns at one time, greatly increasing capacity. Suitable for fast food shops, restaurants, snack bars, burger restaurants, tea shops and other snack bars.

Features and advantages:

1. Food-grade stainless steel.
2. High efficiency.
3. Overheat protection.
4. Wide adjustable temperature range.
