TRAILBLAZER 1200 RANGE

The largest chassis base in our range. The 1200 range has proven to be a huge hit within festival and stadium caterers, along with often being seen as the star of the show at weddings and corporate events. The 1200 range is ideal for high volume, theatrical catering experiences

The 1200 Festival

The 1200 Festival comes with a dual grill offering a whopping 1200 BPH output and can cook up to 96 steaks at one time.

Due to its sheer output capabilities this powerful grill has proven very popular for large events, wedding/corporate catering & sports stadiums in recent years.

The 1200 Food Truck

Equipped with a fully adjustable charcoal grill, along with a dual basket gas fryer, and a surrounding stainless steel work area with underneath storage.

It's fair to say this seriously outperforms any other food truck on the market.

Raise your steaks with chips!

The 1200 Streetmaster

If our 2022 fan favourite, the 600 Streetmaster & our huge 1200 Festival had a baby, this would be the result.

Although, we think baby is the wrong word to use as this is an absolute powerhouse of a catering BBQ smoker trailer. Comes with dual charcoal grill, rear vertical smoker, alloy wheels and much more.

THE 1200 FESTIVAL

Specifically designed for high volume catering without comprising in quality. The 1200 Festival can hold up to 96 steaks at one time, making it a showstopper for wedding and corporate catering.

PREMIUM CHARCOAL

Trailblazer Lumpwood Charcoal (12kg)

Our high grade South African restaurant grade charcoal is quite simply revolutionary and outperforms any other catering grade charcoal on the market and can delivered directly to your door all year round.

Each 12kg bag contains extremely clean and well graded wattle made purely from eucalyptus wood that suits the Trailblazer range like a glove! We have had our Trailblazer 600s lit and ready to cook on in 10 minutes using this product. Will not spark or spit.

£20+vat per single bag,
£18.50+vat per bag for half pallet (20 bags)
£17.50+vat per bag for full pallet (40 bags)

Heat Beads Briquettes (10kg)

Head Beads have been trialled and tested throughout the Trailblazer range. The Australian Heat Beads burn at a consistent temperature for longer than lumpwood charcoal meaning the sustained heat output is ideal for cooking "low & slow".

This product, therefore, is excellently matched for the Trailblazer VS200 Smoker & 600 Streetmaster.

£19+vat per single bag,
£18+vat per bag for half pallet (20 bags)
£17.50+vat per bag for full pallet (40 bags)

TESTIMONIALS

“ I honestly didn't realise how good it was going to be. I thought the Trailblazer would just be an addition to my existing catering business. It's a whole business to itself, it's absolutely flying. I have eight BBQs booked in this Saturday!

AB Catering

“ The Trailblazer has changed my life! Without Lex, Lester & Trailblazer I wouldn't be able to afford to live the life I am living

Appy Days Catering

“ The best thing is the ease of setting up and getting away after an event. It's been a game changer & allowed us to do multiple jobs in the same day.

D & D Catering

“ Just to let you know, the Trailblazer is proving to be the best investment I've made by far for my catering company. I am inundated with people getting in touch and I've actually had to do something I have never done before tell people I'm booked out. So it's safe to say I'll be investing more of my money into another Trailblazer BBQ.

Terry Bryne

“ It's been nearly a year with the Trailblazer & we have seen an increase in turnover of between 30-40%. The increase in turnover has allowed us to trade more efficiently through the week and crucially given us the time off at weekends to spend with our family which was not possible before the TB.

Feast

“ If everything paid me as well as my Trailblazer I'd be a billionaire! Starting with one Trailblazer, I now have a fleet of three.
