# **TRAILBLAZER 1200 RANGE**

Our largest BBQ trailer range, the 1200 range has proven to be a huge hit with festival and stadium caterers, along with often being seen as the star of the show at weddings and corporate events.

## ***The 1200 Festival***

The 1200 Festival is our largest commercial BBQ trailer & offers spectacular visibility and theatre.

This commercial grill has proven very popular in large events, wedding catering & sports stadiums in recent years.

## ***The 1200 Food Truck***

Equipped with a huge, fully adjustable charcoal grill, a dual basket gas fryer, and a surrounding stainless steel work area along with underneath storage

It's fair to say this seriously outperforms any other food truck on the market.

## ***The 1200 Streetmaster***

If our 2022 fan favourite, the 600 Streetmaster & our huge 1200 Festival had a baby, this would be the result. Although, we think baby is the wrong word to use as this is an absolute powerhouse of a catering BBQ smoker trailer.

The image shows two black metal BBQ grills on a stone patio. The grill on the right is on wheels, while the one on the left is on a fixed base. In the background, there is a lush green vineyard with rows of grapevines, and a stone wall runs along the edge of the patio. The sky is overcast and grey. The text 'PRO-SUMMER' is written in a white, outlined, sans-serif font across the top of the grills, and 'BBQ RANGE' is written in the same style across the middle. The overall scene is a well-maintained outdoor area, likely at a vineyard or farm.

# PREMIUM CHARCOAL

## **Trailblazer Lumpwood Charcoal (12kg)**

Our high grade screened South African restaurant grade charcoal is quite simply revolutionary and outperforms any other catering grade charcoal on the market.

Each 12kg weather resistant bag contains extremely clean and well graded wattle made purely from eucalyptus wood that suits the Trailblazer range like a glove! We have had our Trailblazer 600s lit and ready to cook on in 10 minutes using this product.

**£19+vat per single bag,  
£17.50 per+vat bag for half pallet (20 bags)**

## **Heat Beads Briquettes (10kg)**

Head Beads have been trialled and tested throughout the Trailblazer range. The Australian Heat Beads burn at a consistent temperature for longer than lumpwood charcoal meaning the sustained heat output is ideal for cooking “low & slow”.

This product, therefore, is excellently matched for the Trailblazer VS200 Smoker & 600 Streetmaster.

**£16.50+vat per single bag,  
£16+vat per bag for half pallet (20 bags)  
£15.60+vat per bag for pallet (40 bags)**

”

“

The Trailblazer has changed my life! Without Lex, Lester & Trailblazer I wouldn't be able to afford to live the life I am living

Appy Days Catering

”

“

The best thing is the ease of setting up and getting away after an event. It's been a game changer & allowed us to do multiple jobs in the same day.

D & D Catering

”

“

Just to let you know, the Trailblazer is proving to be the best investment I've made by far for my catering company. I am inundated with people getting in touch and I've actually had to do something I have never done before - tell people I'm booked out. So it's safe to say I'll be investing more of my money into another Trailblazer BBQ.

Terry Bryne

”

“

It's been nearly a year with the Trailblazer & we have seen an increase in turnover of between 30-40%. The increase in turnover has allowed us to trade more efficiently through the week and crucially given us the time off at weekends to spend with our family which was not possible before the TB.
