TESTIMONIALS

Customer
Testimonials

“I honestly didn’t realise how good it was going to be. I thought the Trailblazer would just be an addition to my existing catering business. It’s a whole business to itself, it’s absolutely flying. I have eight BBQs booked in this Saturday!”

AB Catering

“It’s been nearly a year with the Trailblazer & we have seen an increase in turnover of between 30-40%. The increase in turnover has allowed us to trade more efficiently through the week and crucially given us the time off at weekends to spend with our family which was not possible before the TB.”

Feast

“Just to let you know, the Trailblazer is proving to be the best investment I’ve made by far for my catering company. I am inundated with people getting in touch and I’ve actually had to do something I have never done before – tell people I’m booked out. So it’s safe to say I’ll be investing more of my money into another Trailblazer BBQ.”

Terry Bryne

“The best thing is the ease of setting up and getting away after an event. It’s been a game changer & allowed us to do multiple jobs in the same day.”

D & D Catering

“The Trailblazer has changed my life! Without Lex, Lester & Trailblazer I wouldn’t be able to afford to live the life I am living!”

Appy Days Catering

“If everything paid me as well as my Trailblazer I’d be a billionaire! Starting with one Trailblazer, I now have a fleet of three.”
