UR90G SUB ZERO

Description

Introducing the TEFCOLD UR90G, a table top display fridge for showcasing premium caviar and other items that require sub-zero temperatures. The electronic thermostat and thermometer, coupled with a ventilated cooling system, assures an even temperature on all shelves. With a temperature range that can be set between -8 to +6°C, the UR90G protects the quality, flavour, and texture of your caviar. With its stylish design, internal LED lighting, and heated double glazed door, condensation build-up is minimised, and your products are displayed and kept in the best way possible.

Product Features

- Fully automatic
- Fan assisted cooling
- Vertical LED lighting with switch
- Heated glass door to prevent condensation
- Adjustable shelves
- Digital controller and temperature display

Technical Specifications
